Sister Principal's address

Dear Students, Respected Teachers, and Esteemed Parents,

Warm greetings to each of you.

As we approach the examination season, it is important to reflect on the value of hard work and perseverance in our academic journey. Examinations are not merely a test of memory but a reflection of understanding, discipline, and consistent effort.

To our dear students, remember that success is not the result of luck or shortcuts, but of dedicated preparation and sincere effort. Every hour spent in focused study, every concept understood, and every question practiced brings you closer to your goal. Hard work builds character, strengthens confidence, and shapes a bright future. Stay organized, seek help when needed, and never hesitate to challenge yourself.

To our devoted teachers, thank you for your unwavering guidance and commitment. Your role in motivating, mentoring, and supporting students is invaluable. Continue to inspire curiosity, encourage problem-solving, and nurture the love for learning in every child.

To our supportive parents, your encouragement and cooperation make a tremendous difference. Creating a positive and distraction-free environment at home, offering emotional support, and motivating your children to do their best helps reinforce the value of education and hard work.

Let us work together to help our students realize their full potential. Success is the result of preparation, persistence, and passion. Let us make these exams not a burden, but an opportunity to rise, shine, and grow.

Wishing all our students the very best. Let your hard work be your strength, and your dedication be your path to success.

With warm regard

Sr. T.Rosa Mary DMI

Principal

Vice principal message

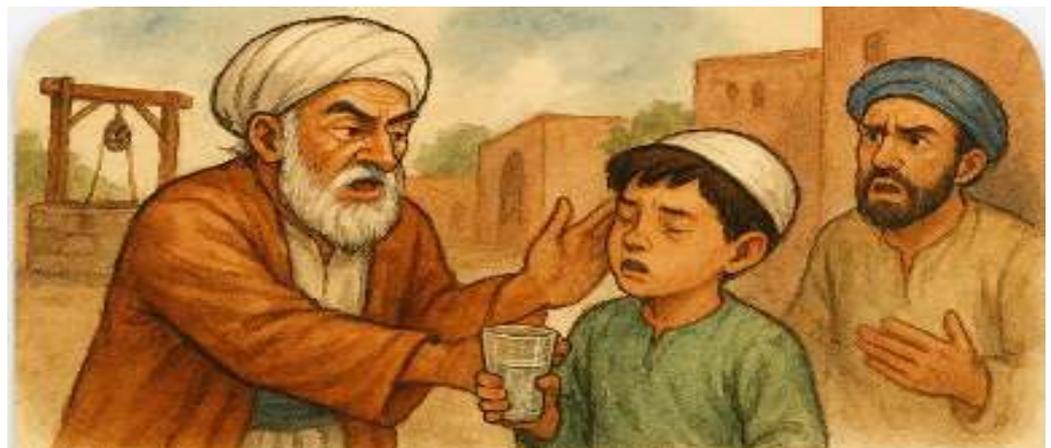

Nasruddin Hojja handed a boy a glass tumbler and told him to go fetch water from the well. Before the kid set out, however, he slapped the boy fiercely and shouted. “Mind you don’t drop it!”

An onlooker said, “How can you strike a poor child before he has done anything wrong?”

Said Nasruddin, “I suppose you would prefer me to strike him AFTER he has broken the glass tumbler when both the glass tumbler and the water are lost? When I slapped him, he remembers and so the glass tumbler and the water are both saved.”

Dear Parents, Children, sometimes are to be reprimanded and reminded of, before everything is lost, not after. Discipline them now, before their future career and character is lost.

Grade 11 Induction Program – A Warm Welcome to New Beginnings

The Induction Program for Grade 11 students was held on 19th May at 9:00 AM in the auditorium hall. The event was graciously moderated by Ma'am Khrienuo, setting a reflective and warm tone for the proceedings.

The program commenced with the Reading of God's Word by Sr. Saranya, followed by a heartfelt invocation of blessings by Rev. Fr Justine, the Transport Manager.

The Principal, Sr. Rev. T. Rosa Mary, delivered a warm welcome address, expressing her joy over the students' academic achievements and their decision to continue their higher secondary education at the institution. She emphasized the importance of being vigilant, disciplined, and committed from the very first day.

Mr. Prince Varghese, the Vice Principal, highlighted the value of teamwork and self-awareness as essential traits for holistic academic success.

Following the speeches, essential school rules and regulations were clearly outlined to help students understand the expectations and standards of the institution.

In a thoughtful gesture of friendship and encouragement, the senior students crafted personalized bookmarks and presented them to each newcomer, symbolizing support and camaraderie.

The program concluded with the National Anthem, marking the end of a meaningful and inspiring program.

Term 1 Examination Report – Grades 10 & 12

The Term 1 Examination for Grades 10 and 12 was successfully conducted as per the academic schedule. Students appeared for the exams with seriousness and discipline, reflecting their commitment to academic excellence.

The examinations covered the complete Term 1 syllabus and aimed to assess the students' understanding of key concepts. The question papers were well-structured, aligning with the board pattern and testing both theoretical knowledge and application skills

Overall, the Term 1 Examination served as a valuable tool in tracking academic progress and preparing students for future assessments.

Club Activities

Activity, reading and spelling test

The school with its vast infrastructure and prolific teachers promote not only academic but stresses much importance to all sphere of learning, as the students are equally talented in one way or another. The school actively promotes co-scholastic activities. Students are grouped into various vibrant clubs such as the Literary Club, Hindi Club, Math Club, Science Club, Fine Arts Club, Social Science Club, and Tiny Tot Club.

Each club engages students in enriching and enjoyable activities. The language clubs buzz with excitement during spelling bees and vocabulary challenges. The Math Club stimulates young minds with multiplication table drills and engaging indoor number games. The Science Club fosters curiosity through hands-on experiments and scientific explorations.

The Fine Arts Club nurtures creativity through activities like paper crafting and design work. The Social Science Club sharpens critical thinking with word hunt games and intriguing riddles. Meanwhile, the Tiny Tot Club delights the youngest learners with a variety of fun-filled and amusing activities designed to enhance their early development.

These clubs play a vital role in fostering holistic growth, creativity, and teamwork among students.

WORKING WITH BASIC TOOLS

Students of Grade 12 Arts and Grade 11 PCBC, along with their respective teachers, Mrs. Esther and Mr. Dicham, participated in a professionally guided session in the Skills Department.

The objective was to enrich students' knowledge and hands-on experience by introducing them to a range of professional carpentry tools, their functions, and practical applications. Under expert supervision, students engaged in activities that involved the safe and precise use of tools such as soldering iron, hammers, saws, chisels, screwdrivers, and measuring instruments and many more

This professionally oriented workshop not only enhanced their technical abilities but also deepened their appreciation for craftsmanship, attention to detail, and the relevance of vocational skills in real-world scenarios.

Celebrating Mothers with Handmade Cards

To honor the love and sacrifices of mothers, students from all grades took part in a special card-making activity. With creativity and heartfelt messages, they designed beautiful cards to express their gratitude.

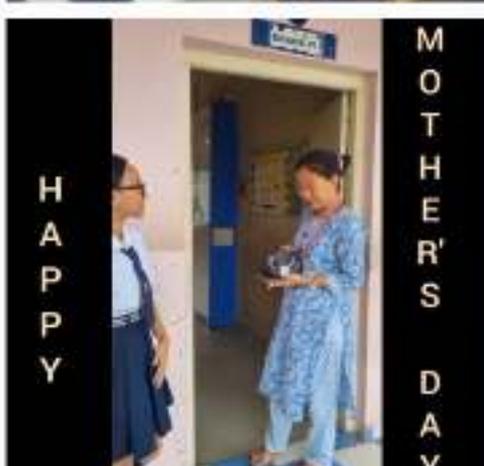

As a thoughtful gesture, Grade 12 Science students specially crafted and presented these cards to all the lady teachers, recognizing them not only as educators but also as nurturing figures who inspire and care like mothers. This touching activity fostered appreciation, creativity, and emotional expression among students.

Happy Mother's Day
We love you

Happy Mother's Day

A Bower Time in the Central Library

Grade 12 Science students spent a meaningful and enriching session in the Central Library, St. Joseph University, immersing themselves in the world of encyclopaedias and reference books. Surrounded by knowledge, they explored various topics beyond the classroom, enhancing their research skills and curiosity. It was a peaceful and productive time that deepened their love for learning and discovery.

A REFRESHING SESSION WITH MR. PRINCE VARGHESE

Teachers attended an insightful and enriching session led by Mr. Prince Varghese, the . Vice Principal. The session focused on the essential qualities of an effective educator.

Mr. Varghese emphasized the importance of being proactive, maintaining a positive attitude, and building strong, respectful relationships with students. He also highlighted strategies for effective classroom management, continuous self-improvement, and fostering a supportive learning environment.

The session served as a valuable refresher, inspiring teachers to reflect, grow, and continue their journey as impactful and compassionate educators

PTI WITH GRADES 10 AND 12

The first Parent-Teacher Interaction (PTI) for Grades 10 and 12 was held successfully, fostering meaningful communication between parents and teachers. The session provided an opportunity to discuss students' academic progress, strengths, and areas for improvement. Parents appreciated the insights shared and the collaborative approach taken to support students in their crucial academic year. The PTI strengthened the home-school partnership, ensuring a shared commitment to student success.

Monthly Test Assessment

The monthly tests for Grades 1 to 9 were conducted from May 27th to May 30th in a smooth and orderly manner. The assessments aimed to evaluate students' understanding of the concepts taught and reinforce consistent academic progress. Students appeared well-prepared and participated with sincerity, reflecting their dedication and the support of teachers and parents. The tests served as an effective tool to monitor learning outcomes and guide future instruction.

Humanities Subject Teachers' Meeting

On 22nd May, the Principal, Sr.Rev T Rosa Mary, along with the Vice Principal, Prince Varghese held a focused meeting with the Humanities subject teachers. The objective was to strategize and analyze ways to improve academic performance in the upcoming board examinations.

The session involved a thorough discussion on current challenges, identifying gaps in teaching methods, and evaluating students' performance trends. Constructive feedback was shared, and targeted action plans were proposed to enhance teaching effectiveness and overall student outcomes.

The meeting served as a valuable platform for reflection, collaboration, and academic planning aimed at achieving excellence in Humanities subjects

World No Tobacco Day Awareness Rally

On 31st May, DMI St. Joseph Global School organized a meaningful awareness rally in observance of World No Tobacco Day, centered on the powerful theme: "Your dreams are too bright to be dimmed by smoke." The event aimed to spread awareness about the harmful effects of tobacco use and promote healthy lifestyle choices, especially among the youth.

The peaceful procession began at 5th Mile Junction and concluded at the Cricket Stadium, with students marching in unity, holding placards and chanting slogans that echoed the importance of a tobacco-free future. The rally was marked by enthusiastic participation from students who displayed exemplary discipline and social responsibility throughout the event.

The program was brought to perfection under the visionary leadership of our Principal, Rev. Sr. T. Rosa Mary, whose tireless dedication to the Upliftment of the school and its students has been steadfast and inspiring. Her endless support continues to shape the values and mission of the institution. The initiation undertaken by Mr. Temsu was perfectly balanced .

The event was graced by Shri C. Kikon, Officer-in-Charge of Sovima Police Station, who served as the Chief Guest. In his address, he emphasized the significance of choosing a healthy lifestyle and elaborated on the harmful consequences of tobacco consumption.

A solemn invocation was offered by Rev. Sr. Dr. Thanes, Deputy Registrar of St. Joseph University, inviting God's presence and blessings over the gathering and its cause. The entire sequence of the program was chaired with poise and coordination by Mrs. Esther, ensuring the smooth flow of events.

The Vote of Thanks was delivered by Mrs. Khrienuo Nuh, who extended heartfelt appreciation to all those who contributed to the success of the rally. She acknowledged the efforts of the students, staff, and guests, noting that their involvement had left a lasting imprint—both in the history of the school and in the larger community of Dimapur.

The rally was not just an event—it was a powerful movement toward awareness, responsibility, and hope for a healthier, tobacco-free future.

Aquarium Fish Keeping Distribution Program

On 29th May 2025, an Awareness-cum-Input Distribution Program for the promotion of aquarium fish keeping in schools across Nagaland was organized by ICAR–Central Inland Fisheries Research Institute, Barrackpore, Kolkata, in collaboration with the Department of Fisheries and Aquatic Resources (DoF&AR), Government of Nagaland. The event was held at the Fish Farm (DoF&AR), Half Nagarjan, Dimapur.

Representing DMI St. Joseph Global School, Mr. Rouville attended the program and received a complete aquarium setup on behalf of the institution. This initiative aims to foster awareness among students about aquatic ecosystems and encourage sustainable fish-keeping practices as a part of experiential learning.

The program served as an enriching platform to introduce students to the basics of ornamental fish culture and its educational, environmental, and economic significance.

The Poem 'A Day in My School' **by Neikerhenuo**

The sleeping sun awakes,
That's when I know my school bus awaits.
A journey close to an hour,
Tiresome travelling—
But it's all worth it.

For the gates of knowledge welcome me
With the hope of learning
Something new I've never known.

As I enter the realm of knowledge,
I see familiar faces.
And with a few greetings,
The morning bell begins the day.

Starting off with the morning assembly,
We pray and sing merrily.
Everyone scurries to their benches
Before the teacher arrives.

With books open, pens in hand,
The lesson begins.
We learn, we understand, and try to solve
Vast concepts and numericals.

It's like magic spells—
Difficult to decipher.
Our teachers try their best
To engrave it in our heads—
These tall and lengthy spells—
With great pride and enthusiasm.

It feels hectic sometimes,
Some worn out by the first period.
But trust me,
Recess time is pure bliss.

We run around, have our lunch together,
The room reverberating with jolly laughter.
And that is what makes our friendships
deeper.

After a long day of trials and errors,
I am truly grateful
For the things I learned.

As the final bell rings,
Eager for the next day to return,
I pack my bag and stand up to pray—
Thankful for the chance to learn.

Truly.
Neikerhenuo

An Article, 'Why Kindness Matters' **by Bejem**

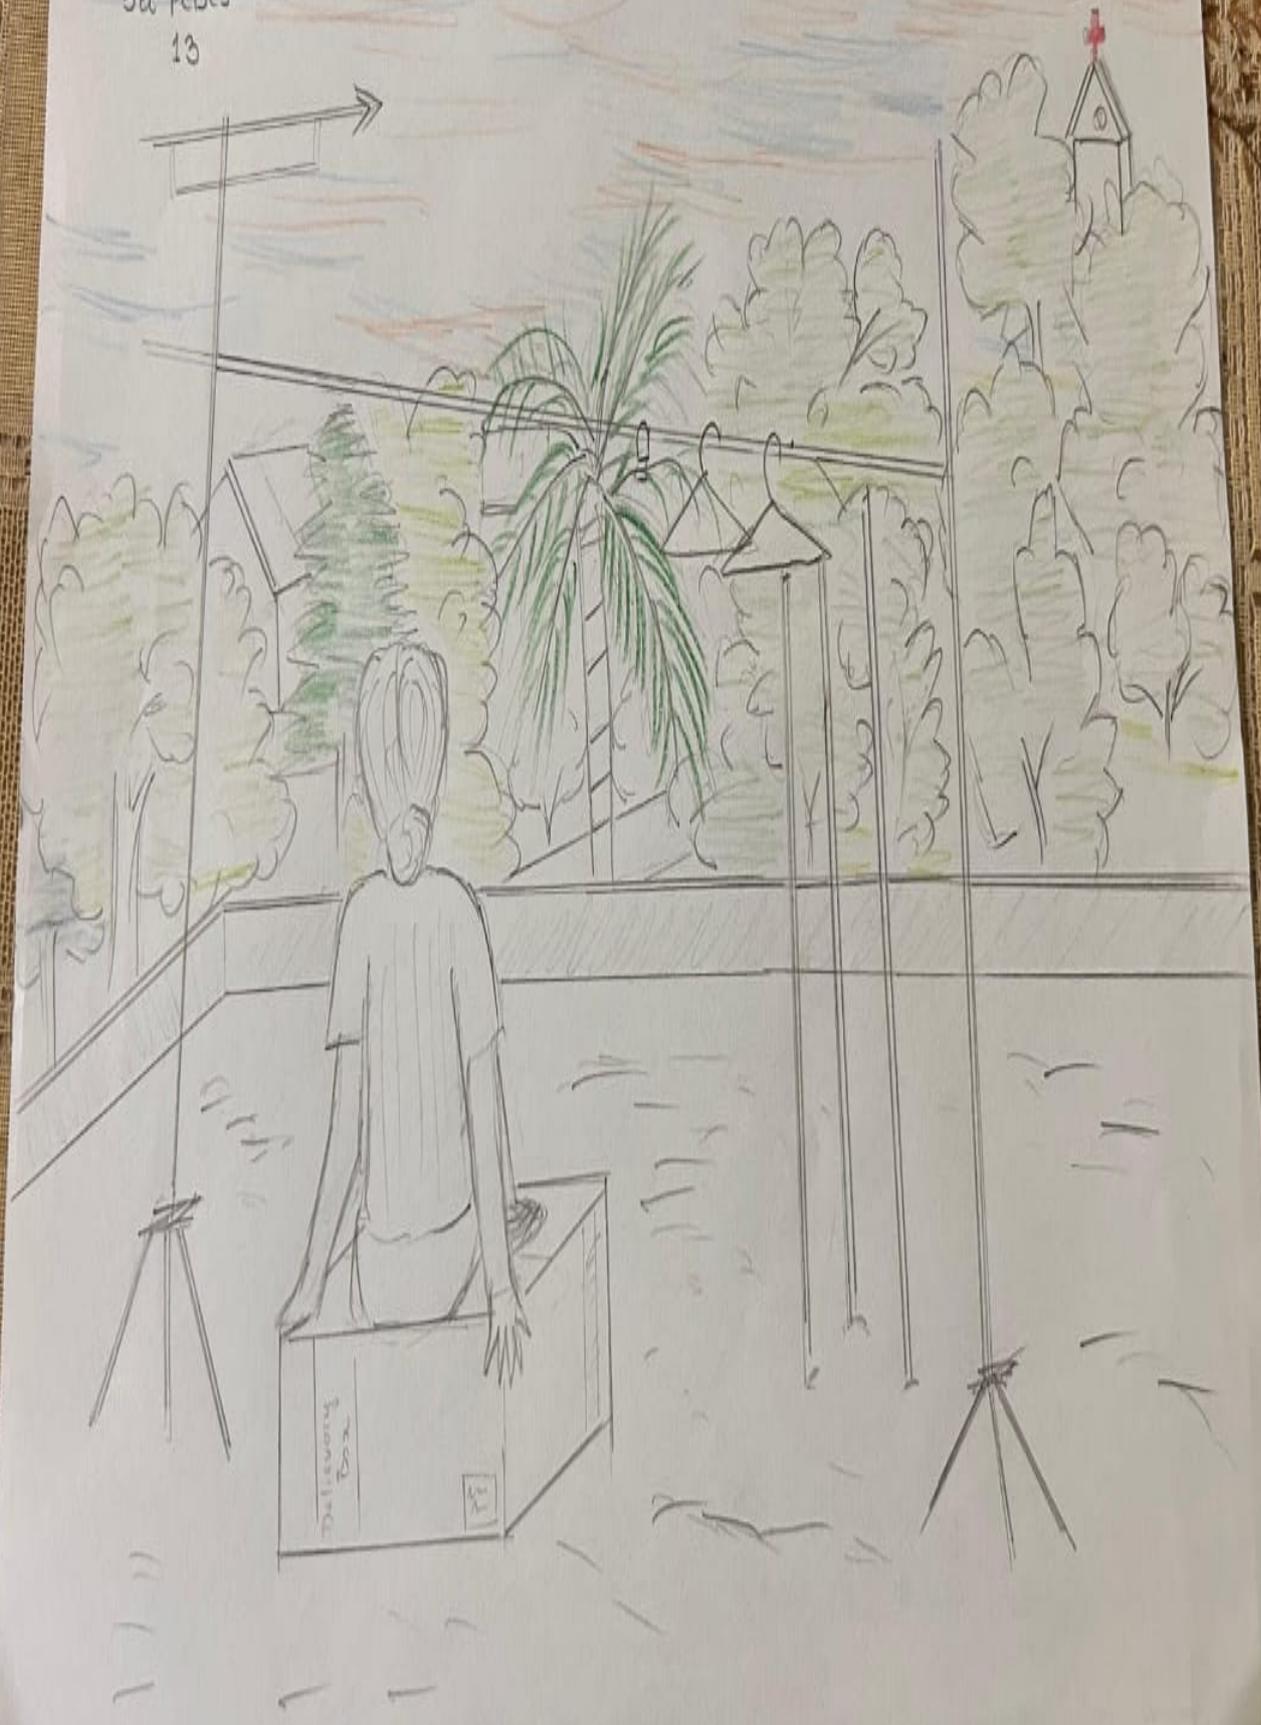

Kindness is a fundamental human value that has the power to transform lives, communities, and society as a whole. Kindness matters because it has a profound impact on individuals, communities, and society as a whole.

Kindness creates a ripple effect. When we are kind to others, it inspires them to be kind to others, and so on. In a world that often feels fast-paced and, at times, overwhelming, the simple act of kindness can be a powerful force. I don't know how to explain it in some perfect, fancy way, but I'll try to say it the way I feel it. Kindness isn't just about being nice. It's about seeing someone and choosing to be gentle with them, even when no one else is. It's like giving warmth without asking for anything back. And sometimes, it's the tiniest acts of kindness that stay with someone forever. I think the world gets heavy sometimes. People carry so much without showing it. So when someone is kind, it's like offering light in a place that felt dark. Kindness doesn't make you weak. It actually takes so much strength to stay kind in a world that's often harsh. What I've learned is this: being kind won't always be noticed, and that's okay because it's not about getting praise. It's about being the person who makes life a little softer for others and for yourself too.

At the end of the day, we don't always remember what people said or did but we always remember how they made us feel. And kindness — it leaves a mark, a good one. So let's be that for someone even when it feels unnoticed, even when the world feels rough because what we give out, it somehow always finds its way back.

Student from Nagaland wins gold at National Arm Wrestling Championship

Gold medallist Karan Singh, a Class 10 student of DMI St Joseph Global School with the principal and faculty members.

CHÜMOUKEDIMA, MAY 30 (MExN): Karan Singh, a Class 10 student of DMI St Joseph Global School in Chümoukedima, has won a gold medal at the National Arm Wrestling Championship 2025 held in Bengaluru on May 26. Singh competed in the Under-15 Boys 78 kg (Right Arm) category and emerged victorious among approximately 2,000 participants from across the country, the school said in a statement. A felicitation ceremony was held on the school campus to honour the student in the presence of the principal, staff and fellow students. "We are incredibly proud of Karan. His achievement highlights the importance of encouraging sports alongside academics," said Rev Sr T Rosa Mary, Principal of DMI St. Joseph Global School. The school said Singh is preparing to compete at the international level.
