Principal's Dr's address

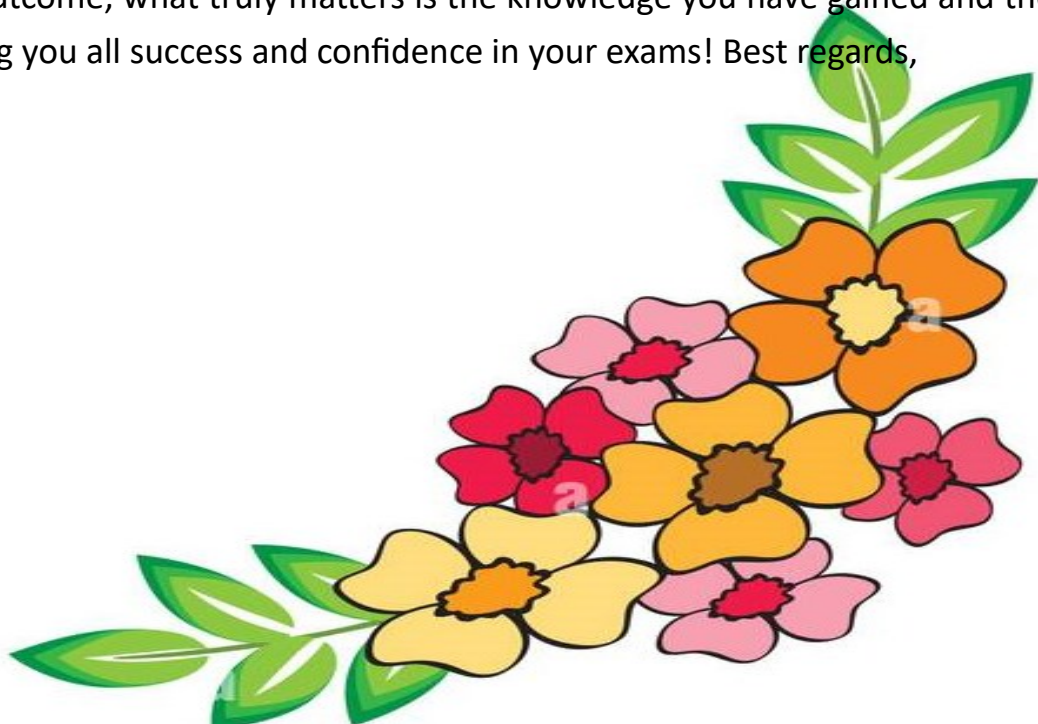

Dear Students, Teachers and Parents, Success in exams is not just about intelligence—it is about dedication, perseverance, and hard work. There are no shortcuts to excellence; every hour you spend studying, every challenge you overcome, and every effort you put in brings you one step closer to your goals.

Hard work always pays off, and your determination will lead you to success. Give your best, and the results will follow! As you approach your exams, I want to extend my heartfelt best wishes to each one of you. This is your moment to showcase your hard work, dedication, and perseverance. Believe in yourself, stay focused, and give your best effort. Remember, exams are just a stepping stone in your journey of learning and growth. Stay calm, manage your time wisely, and trust in your preparation. No matter the outcome, what truly matters is the knowledge you have gained and the effort you have put in. Wishing you all success and confidence in your exams! Best regards,

T. Rosa Mary

Principal DMISJGS

Vice Principal's Message

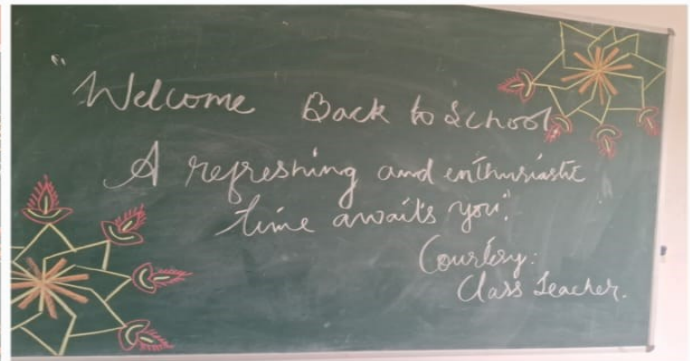

Greetings!

DMI ST. JOSEPH GLOBAL SCHOOL, Chumoukedima is, indeed, a happy school! Importantly, we are a dynamic and agile school. Walk through its corridors: you will notice a quiet serenity in the morning hours, an excited buzz emanating from classrooms, industrious focus in the STEAM laboratories, competitive camaraderie in the playground and harmonious melody in the music room. The effervescence can be witnessed in students' participation in lessons as also in co-curricular activities. There is an explosion of students' work, in mediums ranging from poetry, articles, dance, music and art; which speaks volumes of the prolific story of our school. Wellbeing is an important focus of our school. Trained counsellors, frequent communication, balanced timetables and, above all, an empathetic faculty, facilitate our school's caring ambience. Credit must be given to our parents for their support and cooperation, we are yoked together, in sync with the same dreams for the progress of their children – our students. We believe that we are one big happy family and our parents are our biggest stakeholders. We are especially careful to attend to vulnerable students and walk with them, step by step, as per their need. We are aware of the need to prepare our students with skills to flourish in an ever- changing, unseen future. We also provide our students with a rear-view mirror, so that they can learn from past experiences, retain traditional sterling values, understand the cyclic continuity of life as also the dynamic change of each era. Crucially, students experientially understand that each being on our planet is interconnected: that tolerance and collaboration is the need of the day. If we work together, mountains can be moved and momentous miracles are possible! God Bless!

Prince Varghese

The Vice Principal

Return to school After winter's Break

On January 7, 2025, students returned to school after the Winter's break, ready to gear up for their final exams. The school campus buzzed with energy as students eagerly made their way back, carrying their satchels, lining up in long queues as the bright sunrise yellow landed in the school campus.

As the buses arrived, a wave of excitement swept through the school gates. Teachers, filled with joy, greeted the students warmly, welcoming them back into the school family with open arms. The atmosphere was filled with a sense of anticipation, as everyone knew the hard work ahead, but also the sense of achievement that lay just around the corner.

The school classroom echoes with chatter and laughter, as friends reunited, shared stories of their winter adventures, and exchanged their hopes for the upcoming exam. The excitement of final term brought with it renewed determination, and the students were eager to dive into their studies. With a strong sense of purpose and the support of their teachers, it was clear that this term would be one of hard work, growth, and success.

CLINICAL PSYCHOLOGY

In response to the growing need for fostering healthy mental growth among students, the school has partnered with St. Joseph University's Department of Psychological and Counseling to offer a dedicated counseling initiative. Every Wednesday, a team of three professional counselors visits the school premises to engage with students and guide them in understanding their emotions, thoughts, and behaviors. This initiative not only provides a safe space for students to explore their mental well-being but also empowers them with tools to manage stress, anxiety, and other challenges. The counselors assist students in building resilience, promoting self-awareness, and enhancing emotional intelligence. This collaboration underscores the school's commitment to holistic development, recognizing that mental health is just as vital as academic success. It offers invaluable support in nurturing well-rounded individuals who are equipped to navigate the complexities of modern life with confidence and balance.

A note on the exam committee

The Exam Committee comprises five dedicated teachers: Sir Hanif, Sir Biswajet, Ma'am Komala, Sir Dicham, Miss Chumbeni. This team is entrusted with the critical responsibility of ensuring the overall smooth and conducive conduct of the examination process at all times. They are vigilant in maintaining the integrity of the examination by promptly addressing any malpractice, misconduct, or irresponsible behaviour by students, with strict monitoring and coordination with the entire teaching staff.

The committee plays a pivotal role in ensuring the timely preparation and judicious utilization of resources, which facilitates the smooth functioning of the exams. They work in close collaboration with the Principal Sr. and Vice-Principal Sir to guarantee that all aspects of the examination process are executed efficiently and fairly.

Undoubtedly, the team is entrusted with a Herculean task that requires immense dedication, responsibility, and attention to detail. Their diligent efforts ensure that the examination environment remains fair, transparent, and conducive to student performance. Through their synchronized efforts, they uphold the academic integrity of the institution and contribute significantly to its educational excellence.

SUCCINCT NOTE ON PRE-BOARD AND MODEL TEST?

The Pre-board and Model Tests for the academic year commenced on 13th January 2025 and continued until 24th January 2025, serving as crucial preparation for the upcoming board and promotion exams. Students from Grades 9 and 11 participated in the Promotion Exams, demonstrating full dedication and seriousness in their studies.

Meanwhile, Grades 10 and 12 undertook their Model Tests, with three pre-board exams scheduled for each grade. The syllabus for these tests covered 30 percent of the total syllabus twice, and the entire syllabus was tested in the final model exams. To simulate the actual board exam experience, students were required to complete their answers on OMR sheets. This practice aimed to familiarize them with the exam format, helping them build confidence, overcome exam anxiety, and perform at their best in the upcoming board exams.

Throughout this period, students demonstrated a remarkable level of commitment and focus, and the school community remains optimistic about their success. These assessments not only helped students gauge their readiness but also gave them a clear path for revision, ensuring they are well-prepared for the challenges ahead. Gearing the learning community to achieve success in the upcoming Public exam

FIELD TRIP TO NAGALAND ZOOLOGICAL PARK

Field Trip to Nagaland Zoological Park

On 31st January, 2025, students from UG to Grade 5 embarked on an exciting field trip to the Nagaland Zoological Park. Accompanied by three buses, three janitors, and nine dedicated teachers, the students set forth to explore the wonders of the animal kingdom.

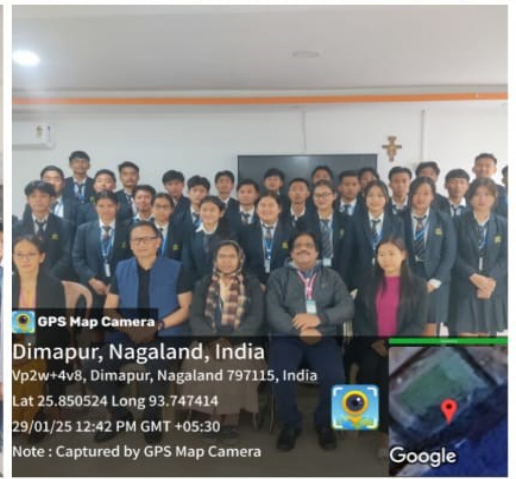

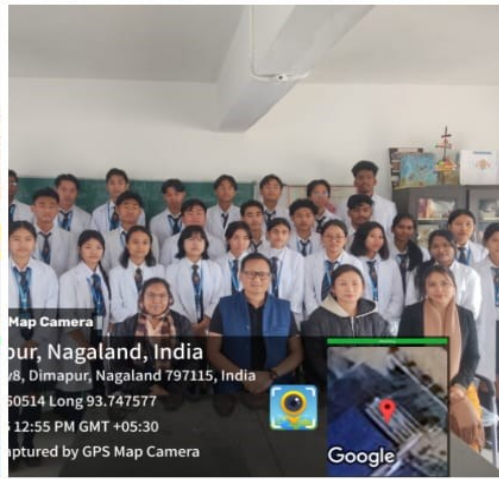

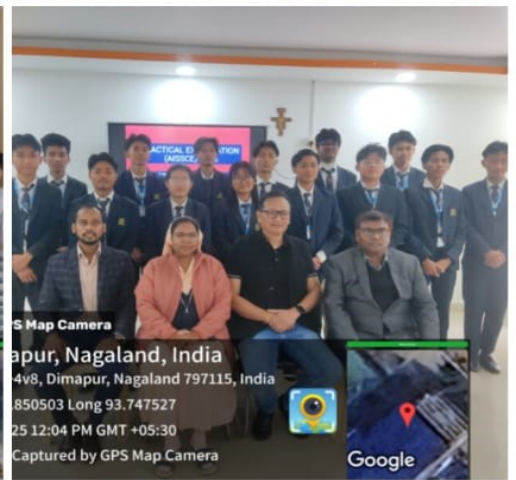

The visit to the zoo proved to be both educational and awe-inspiring. The students had the opportunity to observe a wide variety of animals in their natural habitat. Among the fascinating creatures they encountered were turtles, monkeys, emus, falcons, snakes, porcupines, and many more. Each animal sparked the curiosity of the students, who were excited to learn about their behaviors and their habitats.

After a memorable day of exploration, the students returned to the campus at 1:30 PM, their minds brimming with amazement and newfound appreciation for the natural world. The trip provided a unique opportunity for the students to connect with wildlife and deepen their understanding of biodiversity and environmental conservation.

The field trip to Nagaland Zoological Park was a great success, leaving the students with lasting memories and a greater awareness of the diverse creatures that share our planet.

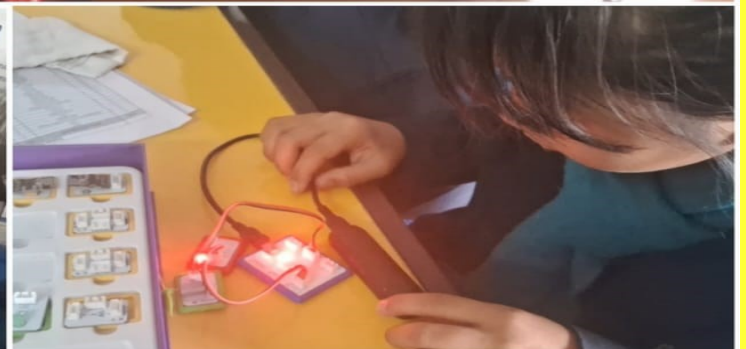

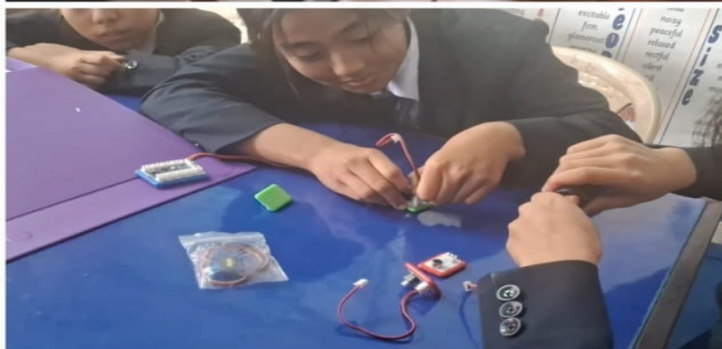

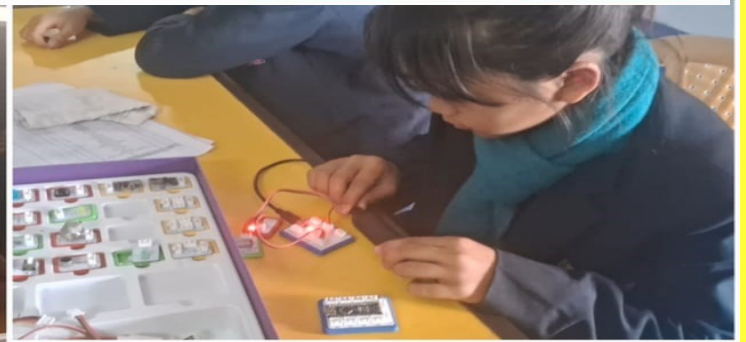

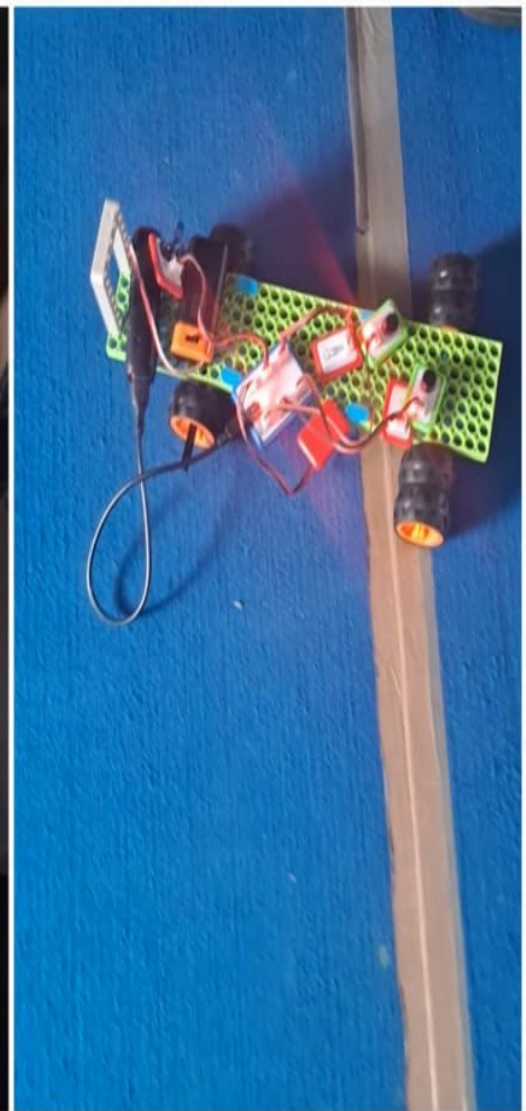

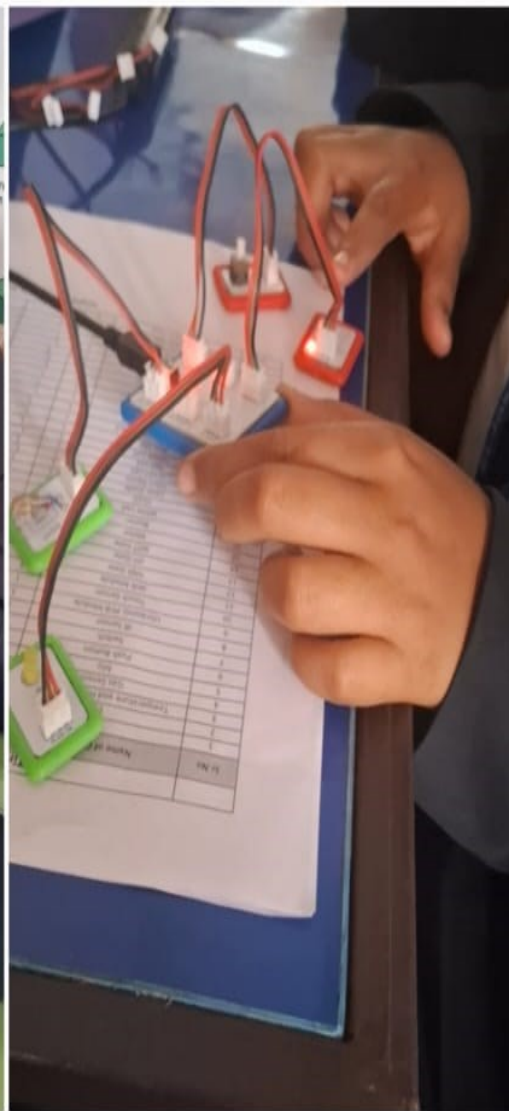

PRACTICAL EXAM RESEARCH

Grade 12 students from Science, Arts, and Commerce streams have been diligently preparing for their practical exams, with the support of all the subject teachers conducted the Practical examination as per the Central Board of Secondary Education (CBSE) guidelines. The exams are overseen by external teachers from various CBSE schools, and monitor by an Exam Observer ensuring impartiality and adherence to the prescribed standards. During this period, students refer to their assignment and practical books for in-depth study, constantly refining their knowledge. For the practical exams, students revised the concepts and stays on their toes, especially in anticipation of the viva voce. Their preparation for excellence and meticulous preparation highlight and reflect their dedication to achieving the best results.
